Overview

The U.S. Department of Commerce and the European Commission have agreed on a set of data protection principles and associated supplemental principles to enable U.S. companies to satisfy European Union ("EU") law requiring adequate protection of Personal Data transferred from the EU to the U.S. (the "EU-U.S. Privacy Shield" or the "Privacy Shield"). The European Economic Area (the "EEA"), which as of the date of this Policy includes all member states of the EU and Iceland, Liechtenstein and Norway, have recognized the Privacy Shield as providing adequate protection of Personal Data.

Consistent with its commitment to protect personal privacy, Picturae has elected to voluntarily adhere to the principles set forth in the Privacy Shield (the "Privacy Shield Principles") regarding the collection, use, and retention of personal information from European Union member countries. Picturae has certified that it adheres to the Privacy Shield Privacy Principles of notice, choice, onward transfer, security, data integrity, access, and enforcement. As such, Picturae has certified its compliance with the Privacy Shield Principles with the U.S. Department of Commerce. To learn more about the Privacy Shield program, and to view our certification page, please visit <https://www.privacyshield.gov>.

If there is any conflict between the policies in this privacy policy and the Privacy Shield Privacy Principles, the Privacy Shield Privacy Principles shall govern.

All Picturae employees who handle Personal Data from Europe are required to comply with the Principles stated in this Policy.

Scope

This Policy applies to the processing of Personal Data that Picturae receives in the United States concerning Data Subjects in the EEA, either directly from individuals or from its affiliates or from other third party organizations, and in any format whatsoever, including electronic, paper or oral transmission. It does not apply to Personal Data transferred under Standard Contractual Clauses or any approved derogation from EU Directives.

This Policy does not cover data from which individual persons cannot be identified or situations in which pseudonyms are used. (The use of pseudonyms involves the replacement of names or other identifiers with substitutes so that identification of individual persons is not possible.) Some types of Personal Data may be subject to other privacy-related requirements and policies. For example, Personal Data related to employment is subject to internal human resource policies.

Requests to opt out of such disclosures of Personal Data should be sent to privacyshield@picturae.com.

Disclosures / Onward Transfers of Personal Data

Except as otherwise provided herein, Picturae discloses Personal Data only to Third Parties who reasonably need to know such data. Such recipients must agree to abide by confidentiality obligations. Examples of Third Parties that may receive personal information include analysts or consultants that have been contracted on behalf of your employer (the Customer with which we are contracted) and will only be provided with advance written notice. For example, Picturae may store such Personal Data in the facilities operated by Third Parties. Such Third Parties must agree to use such Personal Data only for the purposes for which they have been engaged by Picturae and they must either: (1) comply with the Privacy Shield principles or another mechanism permitted by the applicable European data protection law(s) for transfers and processing of Personal Data; or (2) agree to provide adequate protections for the Personal Data that are no less protective than those set out in this Policy. Picturae also may disclose Personal Data for other purposes, or to other Third Parties, when a Data Subject has consented to or requested such disclosure.

Data Integrity and Security

Picturae uses reasonable efforts to maintain the accuracy and integrity of Personal Data and to update it as appropriate. Picturae has implemented physical and technical safeguards to protect Personal Data from loss, misuse, and unauthorized access, disclosure, alteration, or destruction. For example, electronically stored Personal Data is stored on a secure network with firewall protection, and access to Picturae's electronic information systems requires user authentication via password or similar means. Picturae also employs access restrictions, limiting the scope of employees who have access to Customer Personal Data. Further, Picturae uses secure encryption technology to protect certain categories of personal data.

Despite these precautions, no data security safeguards guarantee 100% security all of the time.

Accessing Personal Data

Picturae personnel may access and use Personal Data only if they are authorized to do so and only for the purpose for which they are authorized.

Right to Access, Change or Delete Personal Data

Right to Access. Upon request and in accordance with the Privacy Shield Principles, Picturae will grant individuals reasonable access to their Personal Data that is held by Picturae. In addition, Picturae will take reasonable steps to permit individuals to correct, amend, or delete their Personal Data that is demonstrated to be inaccurate, incomplete or processed in violation of the Privacy Shield Principles. In accordance with the Privacy Shield Principles, Picturae may limit or deny access to Personal Data where the burden or expense of providing access would be disproportionate to the risks to the individual's privacy, where the legitimate rights of persons other than the individual would be violated or if necessary to safeguard important countervailing public interests (e.g., national security) or in other limited circumstances (e.g., disclosure would breach a legal or other professional privilege).

Data Subjects may edit their Personal Data by logging into their account profile or by contacting Picturae by phone or email.
